

CST Magna-Trak® Magnetic Locator – 200 Series

Features:

- Lightweight, ergonomic handle with textured grip
- One Hand Operation to control volume and sensitivity
- Quick Change Battery system
- Plastic Case is high impact and water resistant
- Aluminum sensor tube is waterproof to just under plastic case
- Powerful speaker with waterproof Mylar cone
- Adjustable sensitivity and volume dials w/power off
- NEW speaker – deep tone audio under search conditions. Signal “Peak” over ferrous objects
- High tech magnetic toroidal sensors and unique electronic balancing circuitry
- 100 hours with intermittent use on 6-AA batteries
- 0 degree to 120 degree Fahrenheit temp. range for operation

PL-2000 Pipe & Cable Locator

Offers a new approach in high power, low frequencies, four modes of operation and both inductive and direct connection capabilities, the PL-2000 is powerful and versatile, but still surprisingly easy to use and cost effective. Can trace and locate any continuous metal such as iron, steel, and copper water lines, gas lines, tracer wire by plastic pipe, telephone/TV cables, copper and aluminum wire, conduit and power lines. Max depth 16-18 feet. Runs on 6 D cell batteries - Transmitter and 6 AA batteries - Receiver. Comes with Padded Case Transmitter, Receiver, Manual and Conductive Clips. 3 Year Warranty

PL2000	Pipe & Cable Locator	SALE \$3595.00
18SC	Direct Inductive Signal Clamp	SALE \$295.00
18MT	Sonde (Mini Transmitter)	SALE \$445.00

Scale Master Pro Series Digital Plan Measures

Scale Master Pro is designed for contractors, engineers, architects, estimators and draftspersons.

Features dual LCD displays and new ergonomic design. Get fast, accurate linear, area and volume takeoffs from blueprints, drawings and maps. Features 72 built in scales – 6 custom scales and built in memory. Switch between Imperial and metric modes. An ideal tool for preparing bids and estimates from plans and blueprints in the field or office. Comes with hard case, user guide, two lithium batteries and full one year limited warranty. Size 7.3" x 1.9" x 0.6" and weighs only 2.1 oz.

6025 Scale Master Pro	\$69.95	\$64.95

Scale Master Pro XE

Similar to Scale Master Pro except it allows for optional PC interface to let you transfer measurements quickly and accurately to spreadsheets and estimating programs. Offers 91 built in scales and 10 custom scales. Comes with hard case, two lithium batteries and full one year limited warranty. Same size and weight of Scale Master Pro.

6135 Scale Master Pro XE	\$99.95	\$91.95
---	---------	----------------

PC Interface for Scale Master Pro XE

PC Interface cable instantly sends values directly to your favorite PC spreadsheet or estimating program from the PRO XE. Works with Windows 2000, XP, and 32 bit Vista operating systems. No additional software or drivers needed.

5006 PC Interface Cable for PRO XE	\$79.95	\$73.95

Schonstedt® GA-92XT Series

New from Schonstedt, The Schonstedt XT Magnetic Locator Series. Fifteen months of research, design, and testing have produced the most portable Magnetic Locator ever made.

One hand operation makes finding faster, providing both audio and visual (XTd) model indication of ferrous objects up to 16' underground. Continues the tradition of Schonstedt ruggedness and reliability

Detects magnetic fields of all ferromagnetic objects - property marker, manholes, septic tanks, well casings, valve boxes, cast iron pipes, steel drums, unexploded ordinance — up to 16 FEET below the ground!!!

Comes complete with holster and hard carry case.

Features

- One hand operation
- Operates in both retracted and extended modes
- Fingertip control of volume and sensitivity
- Quick charge battery compartment
- Battery indicator
- 7 YEAR WARRANTY!
- Battery Life 24 hrs. with intermittent use

802692i Schonstedt GA-92XTi Locator
List price \$1041.00

802692d Schonstedt GA-92XTd Locator
w/Visual List price \$1041.00
SALE \$879.50

GA-92's all come with holster and hard case in original package

Schonstedt® GA-52Cx Heliflux® Magnetic Locator

Responding only to magnetic fields, this high-quality locator accurately pinpoints the location of iron survey boundary markers, PK nails, manhole covers, valve boxes, and similar ferrous objects without being misled by non-ferrous objects such as brass, aluminum, copper, water, and ice. It has a broad dynamic range with four individual sensitivity settings to provide for improved pinpointing accuracy. Its most sensitive setting is probably beyond the normal needs of the land surveyor, but can be used effectively by those seeking to locate horizontal cast iron water and gas lines. Larger objects can be detected at lower depths. A 4' diameter cast iron pipe can be detected at 8' below the surface, 3/4" x 18' iron pipe markers at 7', iron valves at 8', and well casings at 15'! The GA-52Cx even detects magnets in plastic closures, water and gas lines made of iron, and PK nails on resurfaced roads. A built-in piezoelectric speaker provides clear, sharp signals to alert you to ferrous objects, while the modular case, no-roll construction, high performance components, and weather protected controls contribute to better handling, more reliability, and greater sensitivity.

List price \$917.00 **SALE \$749.50**

Subsurface Locators

The Subsurface Magnetic locators are made by experienced design and manufacturing professionals. The ML-1 locator is a non-metered device and the ML-1M, featuring a digital meter that provides for visual signal strength, polarity indication, gain setting plus battery life display.

Used to locate Corner marker, iron or steel, Mag nails and PK nails, valve and curb boxes, iron and steel pipes, well casings, manhole covers, steel drums, septic tank handles, energized electric cables, marker magnets, unexploded bombs and more.

FEATURES

- Easy one hand operation
- Easy keypad switches, no knobs
- Lightweight — only 2 LBS. including batteries
- Uses two regular 9-volt alkaline batteries
- Strong monotube construction provides structural integrity
- Headset jack (standard 8 ohm stereo)
- Microprocessor retains volume and gain settings from last use
- FIVE year warranty
- Soft carry case included
- Hard case included
