

Mag-Nail *'Pound it harder, find it farther'*

ChrisNik's superior hardened MAG NAILS are rapidly becoming the preferred nail among surveyors worldwide. Benefits include: a stronger nail, a larger center point, and an induced magnetic field that has doubled and even quadrupled the detectability over any nail on the market today. The MAG NAIL has also been coated with a zinc and clear chromate to resist corrosion. 100 nail per box.

PERMAMARK – Plastic Survey Monument Marker

Over 20 years of experience has proven the many features of PERMAMARK, the plastic survey monument marker. Permamarks are unaffected by alkalis, acids, salts, smog and other chemicals found in the field. Can be used in temperatures ranging from minus 40 degrees to 150 degrees F. Each marker can be stamped using heat pressure to give you a permanent record of your L.S., P.E., R.L.S., R.C.E. number. Name can be added provided the number of characters in the name fit on plug size ordered. The perfect marker for water pipe or rebar! Available in Yellow, Red or Orange - please specify. **Minimum order of 200 caps.** Caps must be same color, size and stamping. **Blue rebar caps are an additional 15% above listed price.**

3000	1/2 inch marker	\$29.50 per 100 caps
4000	3/4 inch marker	\$31.00 per 100 caps
5000	1 inch marker	\$32.50 per 100 caps
6000	1-1/4 inch marker	\$33.50 per 100 caps

Please specify color and supply any artwork that is required to assure accurate information.
